"Everybody Needs Somebody Sometime"

The Class of 1981 found our "Someone" when David Lewis was assigned as our guidance counselor! For the past four years, Mr. Lewis has shared himself with the Class of 1981. He has served as a counselor, friend, mentor, or father. He has shared our smiles and allayed our fears. He has looked at each of us individually, encouraging us to recognize our true potential. He has inspired us to reach more intensely for our goals. There will always be the memory of his warmth, humor, guidance, and dedication.

May we say "Thank you", Dear Friend, for giving us so much, so wholeheartedly? You have shown us the goodness in ourselves, and the Class of 1981 is proud to dedicate this yearbook to you!

Youthful Innocence Renounced

The days of our youth pass painfully slow as if time were held in tender suspension. A web is woven, enveloping memories of events past and present — some joyous and some painful. Impatience is rampant and innocence supreme. Maturity gives us the power to sort out and redefine our youthful experiences so we may place them in their proper perspective.

As you advance toward adulthood and time moves more rapidly, may the vestiges of your youthful experiences nourish and reward your future.

L. Stephen Russman

L. Stephen Russman, Principal

Yesterday, when you were in the 9th grade, graduation seemed too far away. Today, graduation is upon you and the four years at Woodbury High School have passed with a blink of the eye. Tomorrow is the future and we aren't sure what it will bring, but we can go forth with bright hope remembering the good times we have had at Woodbury High.

When we reflect on "The Way We Were," and look towards tomorrow, we hope excerpts from this prayer of Max Ehrmann will sum up our lives.

"May I still remember the bright hours that found me walking over the silent hills of my childhood, or dreaming on the margin of the quiet river, when a light glowed within me, and I promised God to have courage amid the tempests of the changing years.

May I not forget that proverty and riches are of the Spirit. Though the world know me not, may my thoughts and actions be such as shall keep me friendly with myself.

Let me not follow the clamor of the world, but walk calmly in my path. Give me a few friends who will love me for what I am; and keep ever burning before my vagrant steps the kindly light of hope. And though age and infirmity overtake me, and I come not within sight of the castle of my dreams, teach me still to be thankful for life, and for time's olden memories that are good and sweet."

We all live with hopes, expectations, and visions of material and spiritual wealth, especially in our formative years. That is the way we were. Our aspirations reach their ultimate conclusion when we accept the responsibility of further developing, intellectually and spiritually, to cope with the problems we shall face.

The successes you will achieve will be attributed to the determination, dedication, and extensive efforts you put forth in developing your abilities and qualities, because that is the way you were.

Look back with pride and appreciation for the efforts of the school, staff, and administration. Look back, but never stand still!

Dr. George T. Kokotailo
President of the Board

Some day in the future you will be evaluating some of your belongings and you will discover a blue shirt with gold printing which spells "Woodbury Pride". You will then reflect upon your years at Woodbury High School when "Woodbury Pride" became a reality.

Just what does "Woodbury Pride" mean? Today it means pride in your personal accomplishments, the accomplishments of your class in athletic and non-athletic competition and pride in the teachers who helped you achieve your goals. That's "The Way We Were".

Just as "Woodbury Pride" has helped to shape your successful high school experiences today, I hope that the same lessons associated with "Woodbury Pride" will help to fulfill your personal and career goals in the future.

If you remember the qualities associated with "Woodbury Pride", the true meaning of "The Way We Were" will never change.

ACTIVITIES

National Honor Society

Row 1: Mrs. Budniak, Lisa Belber, Carmella Piscopo, Mary Rogers, Mrs. Hughes. Row 2: Jeff Smith, Allison Heddy, Kim Green, Suzanne Weimar, Linda Skinner.

No honor conferred by the school excels that represented by the National Honor Society, for it symbolizes the fundamental objectives for which shools are instituted and gives recognition to those who have most nearly obtained these objectives. To qualify for membership, students must display the four cardinal principles of the organization: scholarship, leadership, character, and service.

Under the new advisorship of Mrs. Hughes and Mrs. Budniak, the National Honor Society has undertaken many projects. Members have organized the Academic Bowl, Halloween Dress-Up Day, Christmas caroling, hopsital visitation, student tutoring, spirit week, and night school refreshment service. These students have committed themselves to their school and their community.

Beth Farrow, Treasurer; Andrea DeRosa, Corresponding Secretary; Maria Cirone, Recording Secretary; Stacey Stuart, President; Kelly Hill, Vice President.

Leadership and intellect are two of the most outstanding qualities exhibited by our Student Council members. Throughout their terms as representatives, they have the job of showing the Administration and the Student Body how to work together. They do this by keeping everyone informed about many activities.

The Council also keeps the Administration aware of the students' needs and suggestions. Members act as an intermediary in obtaining permission necessary to carry out student activities. Most importantly, throughout the year, members learn to work together with the students and the Administration to achieve a common goal.

The White and Gold, Woodbury's school publication, underwent a major change this year. With Mrs. Marilyn Sandberg as literary advisor and Mr. Robert Karpinski as production advisor, the school publication became a literary paper. Because of this change, the staff welcomed contributions from the student body. Features included mysteries, poetry, short stories, and articles. The staff consisted of a small group of students who worked many hours to produce an interesting and attractive publication every other month. Hopefully, future staffs of the White and Gold will benefit from the experiences of the staff this year and maintain the standards which have been established.

A new group was organized this year by Mrs. Black, Guidance Counselor, for the express purpose of introducing ninth grade students to many vocations. This was accomplished in an interesting and exciting manner. The Club listened to speakers from various occupations, viewed informative films, and visited places where they could observe workers on the job. The students received valuable, educational experiences in a practical approach.

Drama Club

The Drama Club was ably guided this year by Mrs. Darcy, who was new to Woodbury High. She brought with her many innovative ideas!

In January, after many weeks of practice, early and late, the group presented the Woodbury Revue. This excellent program presented Woodbury's own Red Hot Nine, dramatic scenes, the Barbershop Octette, dancers, and vocal selections. The program was given on two consecutive nights and was well-supported by the City of Woodbury.

With this highly-professional experience behind them, this group will surely aspire to greater productions in the future!

With the cooperation and leadership of Mr. Robinson and Miss Mathis, the club has undertaken and enjoyed many exhilerating experiences. A trip was made to Killington in Vermont as in years past. Many days were spent skiing in the snow of the Poconos. The interest in this club has increased and many students are considering skiing to be their most enjoyable sport. Dan Conway and Kathy Welch have contributed greatly to the success of the club.

Debate Team

Elaine Diehlam, Karen Duckworth, Mr. Lindinger, Dwight Wells, Kurt Wagner, Laurie Rodgers, Missing, Kelly Quigley.

1980 marked the rebirth of the Debate Team at Woodbury High! Under the direction of Mr. Lindinger, six students participated in this exciting and valuable experience. The timely issue debated by the team this year was - Resolved: The Federal Government should initiate and enforce safety guarantees on consumer goods.

Among many worthy opponents were Bishop Eustace, Cherry Hill East, and Haddon Heights High Schools.

1981 presents an exciting and promising year for this club.

Under the guidance of a new Director, Barry Sutnik, the Woodbury High School Band goes marching on! It began with participation in the Woodbury Fall Parade and marched uniquely out of uniform! The Band missed the West Deptford Calvacade because new uniforms did not arrive when anticipated. But - all decked out in new uniforms - the Band marched in the Millville Calvacade!

The Band eagerly anticipated exciting experiences in the presentation of the February Winter Concert. As usual, the performance was excellent. In the spring, the Band traveled to Virginia Beach to compete in the National and International Music Festival.

Each Memorial Day, the City of Woodbury stirs to the sound of the Woodbury High School Band. This year presented an opportunity for the Band to display the new uniforms in full spendor!

March on! Woodbury High School Band!

Halloween

Keeping with tradition, the students in the Fine Arts classes painted the windows of the stores in town. With their ghostly, monstrous and bewitching portraits they adorned the shops and entertained the passers-by. Prizes were awarded to three sets of students on the basis of originality and neatness by the judges of the Gloucester County Art League. Mrs. Squillace again did a good job and her students enjoyed a good time.

Woodbury's Best!

At the beginning of each year, the choir is faced with the task of learning some very difficult musical compositions. With the guidance and encouragement of the choir director, Mr. Snodgrass, the choir mastered the pieces with ease. At the Christmas Concert the choir performed "Missa Brevis", a very advanced Latin piece. The theme of the second annual Pops Concert was "Broadway Romance", The choir repeated some old-time favorites and added several new selections to the Spring Concert repertoire.

Sundial 1981

The hours were long, the group often varied, but this 1981 Sundial Staff charged ahead. Ideas were new and sometimes strange. Lay-outs were planned, copy was written, deadlines were met, Excitement and enthusiasm abounded throughout the year.

Many pictures were taken in order to present a composite picture including the entire school population. Only those people who observed and participated in the production of this book truly appreciate the learning which took place in the process.

This was your life!

The Future!

Varsity Coach Larry Ginsburg had every reason to anticipate a sensational season for his Varsity Team. It tied for the first two games against Haddonfield and Haddon Heights and went on to win against Audubon and West Deptford!

The Bison were on the warpath! After a close finish with Paulsboro, the team lost momentum and during the rest of the season the Herd stampeded on to a 2-5-2 finish.

However, special recognition should be given to the valiant players whose playing was as tough in a lose as a win! Tyler Toth became lineman of the week of the South Jersey Touchdown Club. Jerry Daniels received the Unsung Hero Award. Grady Smith, Tyler Toth, Nelson Jenes all reached the First Team Defensive All-Conference.

Tennis

The girls' tennis team played hard this year. They were young, proud and worthy! The team exhibited consistent improvement in their skills and endurance. The head coach, Mark Toresky, proved to be an excellent instructor. This was a young team with stamina! The overall record was 8 - 13.

The number one player was Anne Williams, a ninth grader. Anne played first singles, Lynn Dorey plays second singles, and Diane Craven, the captain and only senior, played third.

Next year seems even more promising. With more experience, this team should be an outstanding one.

Girls Field Hockey

Although the Woodbury High School Field Hockey Team suffered a few rough games, the year also featured some bright spots. Thanks to the dedicated coaching of Miss Mathis and Miss Ogden, and the leadership supplied by captains, Stacy Moore and Sandy Dahlstrom, the team came on strong to tie tough teams like Haddonfield, Audubon, Collingswood, and Pennsville.

In addition to the seniors' awards, two underclassmen were honored. Junior Heather Long, was named to the second team Colonial Conference for her position as sweeper. Sophomore Kelly Konen, was awarded a spot on the Gloucester County second team as goalie.

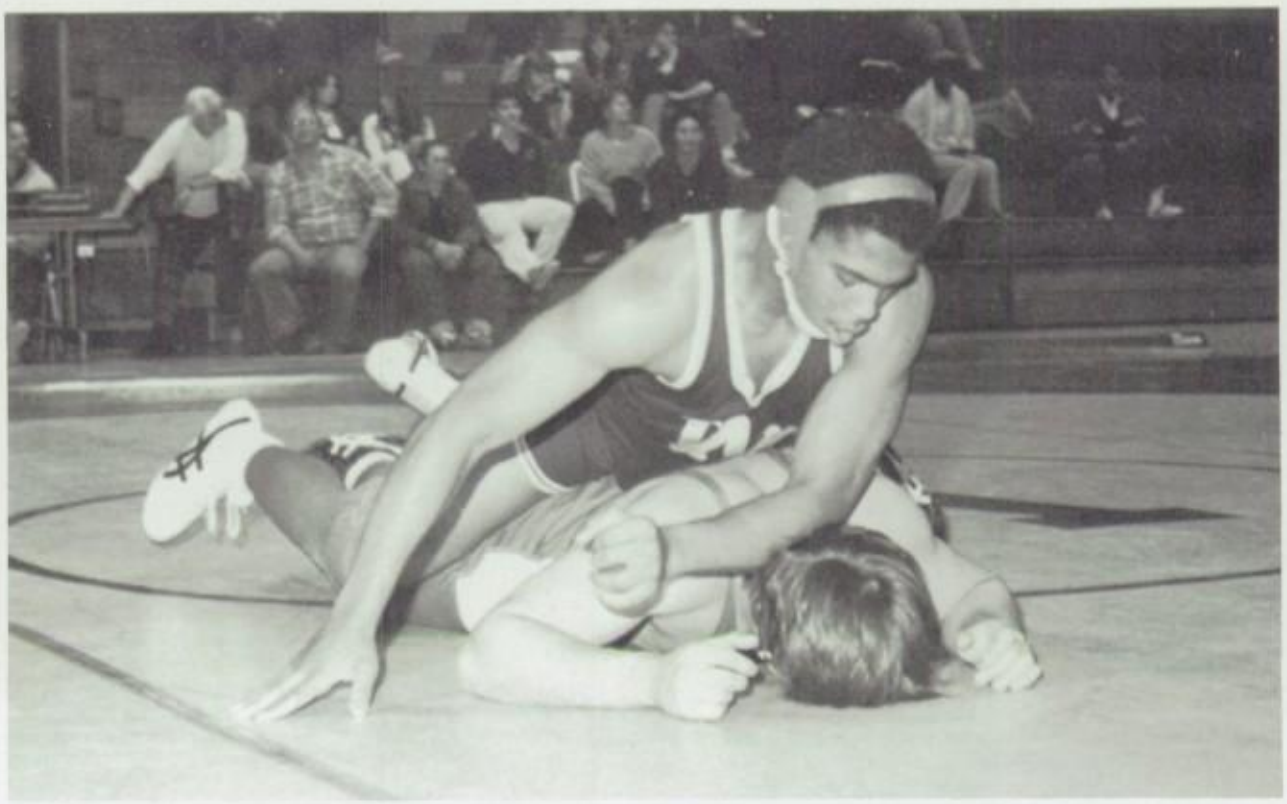
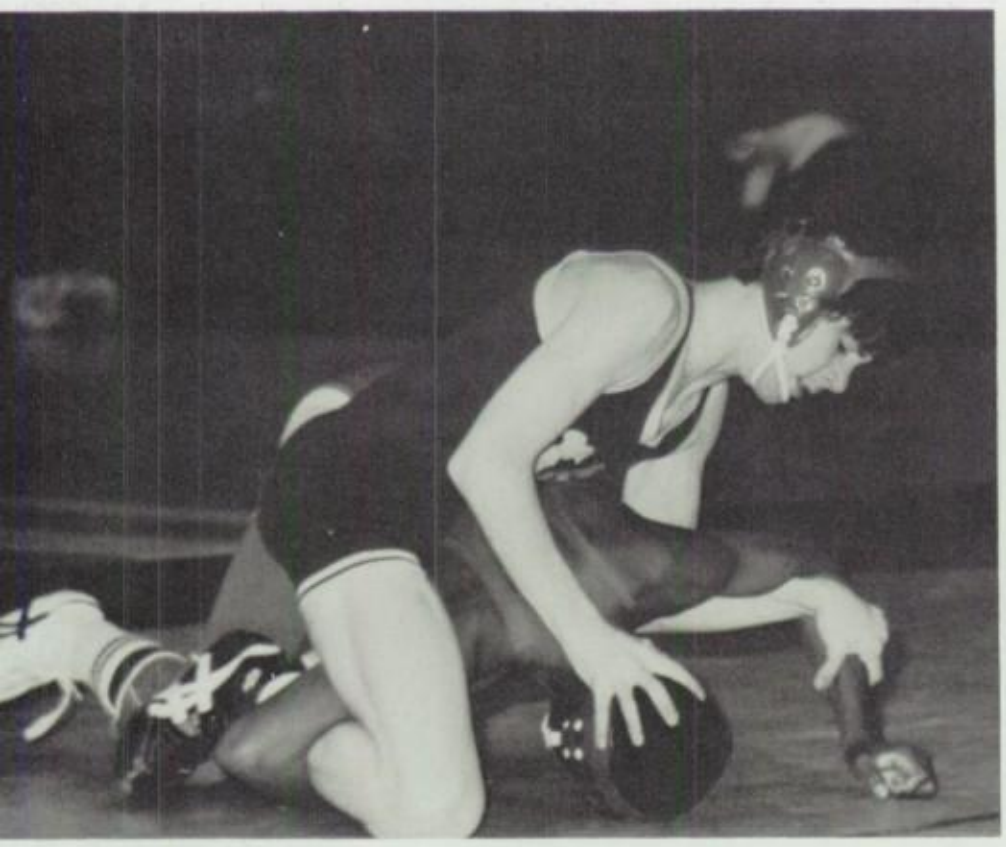
Have New Coach

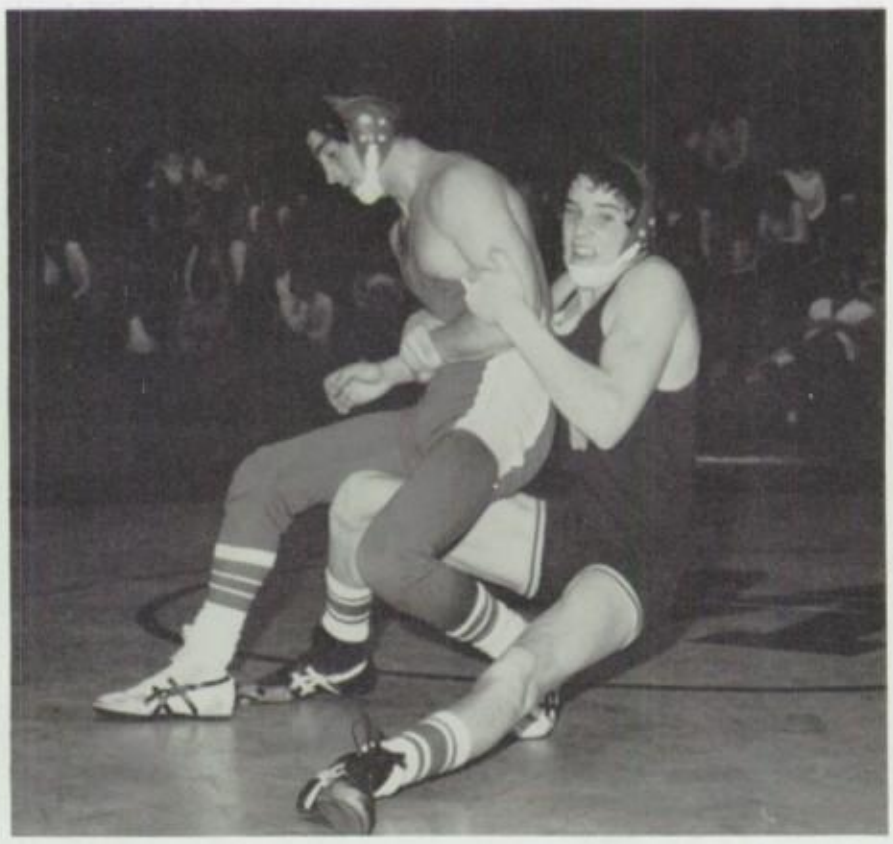
Wrestling is a sport which requires both tremendous endurance and dedication. Under the direction of Coach Morina, it was obvious that this team was well-disciplined and strived for excellence. For this group, wrestling was not just a winter sport, but a full-time activity.

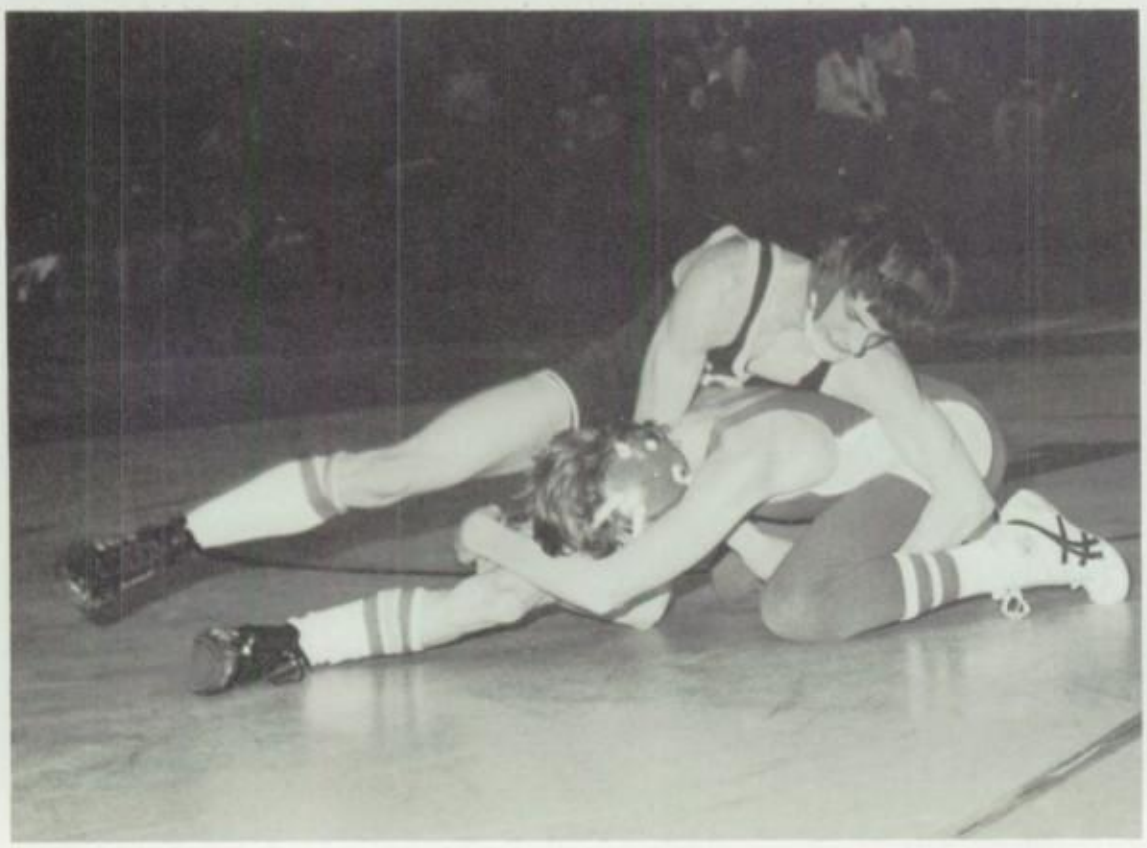
The team won outstanding victories against Deptford, Sterling, and Collingswood. They suffered few injuries - their main handicap appeared to be a scarcity of players.

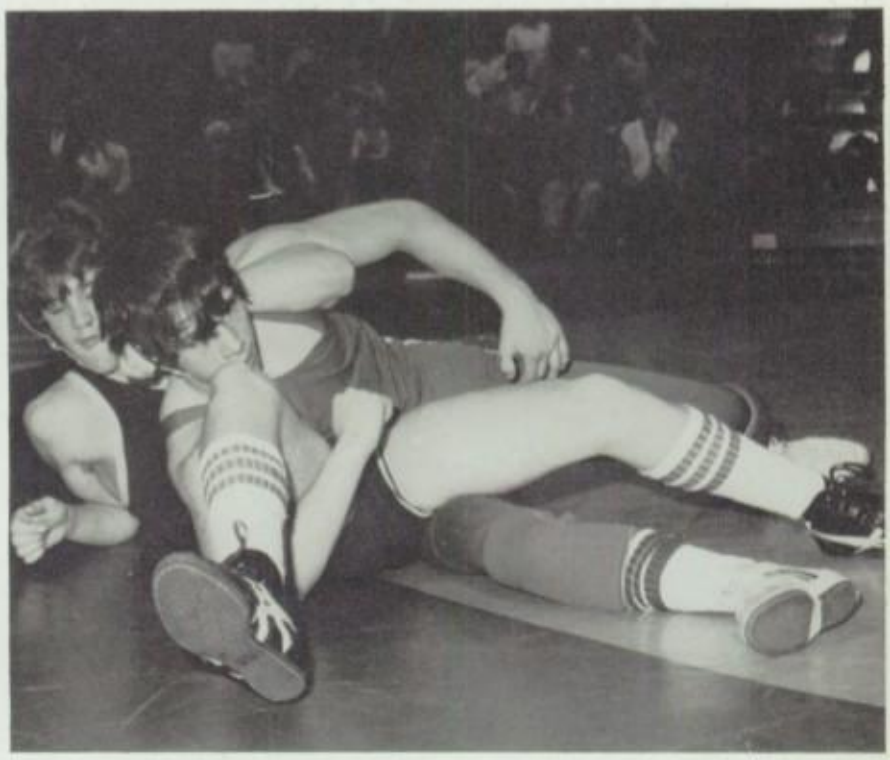
Coach Morina is looking forward eagerly to next year's season when Woodbury will watch this dedicated, experienced, (and hopefully larger) team.











Veteran Coaches Lead

VARSITY TEAM: Kneeling: Julia Long, Diane Craven, Sandy Montgomery, Kelley Konen, June Long. Standing: Stacey Moore, Kelley Cass, Jodi Estrada, Cheryl Evers, Dawn Konen, Patty Woodworth, Coach Murray.

One last chance for Dawn!

The 1981 Girls' Varsity Basketball Team was coached by a veteran, Willie Murray. Under the leadership of senior captains, Jackie James, Stacey Moore, and Diane Craven, the girls practiced hard and long to prepare to meet the competition. The team's dedication, desire to learn, and willingness to sacrifice, was typical of Woodbury's athletes.

The experiences of this year should prepare this team for a successful year in 1982.

The 1980-81 basketball season opened this year with each member of the team filled with excitement and anticipation. The players exhibited skill, determination, and good sportsmanship while playing the game.

The team learned the fundamentals of playing the game throughout the season. Each participant acquired values that are necessary for a team to be successful.

Coach Mann led the players to the play-offs for the second straight year. Defense was the name of the game and those deliberate offenses confused the opposition with a revolving caption system. Woodbury is proud of a job well-done.

Dear Friends and Classmates,

The four years we have spent together have been both trying and fulfilling. We have many events upon which to reflect - Woodbury Pride T-shirts, "Wonderful Tonight", Florida, and our hectic, though happy, senior year.

Now we move ahead with memories of those days gone by and aspirations for the future.

Our opportunity in leading you as officers of the Class of 1981 has been not only a learning experience, but personally rewarding as well.

We would like to thank our class advisors, Mr. Gedaka and Mr. Schultz, for supporting us in our endeavors. And a special thanks goes to Mr. Carrera for steering us in the right direction.

As we leave Woodbury High, we will always remember the important lessons which we have learned within and without the classroom.

Ever Changing

History and tradition have contributed greatly to the growth and development of Woodbury High School.

Before these walls were built, the citizens of Woodbury were concerned about the education of their children.

The first High School in the City of Woodbury was built in 1908 at the present location. It was named after William Milligan, the first Superintendent of Gloucester County.

In 1910, the original building was destroyed by fire. Plans were immediately started to rebuild and Gov. Woodrow Wilson laid the cornerstone for the present building. By the time this structure was completed, in 1911, Mr. Wilson had become President of the United States.

As Gloucester County grew, additions to the original building became necessary. The school was providing education for most of the youth in Gloucester County. Ideas about the education of youth were changing and the first addition included a gymnasium and an auditorium. This sufficed for several years, when it became expedient to build the wing which afterward became known as Central School. In 1958, the Captain Payne Gymnasium was built and the old gym was used as a cafeteria.

During our lifetime, in 1969, another wing was constructed, which includes our library. Also, at this time, the original building was renovated again.

Many students have gone forth from this school and have graced all walks of life.

May what transpires within the confines of these walls, prepare all future students to contribute richly to the betterment of mankind!

Sundial Staff

Within these covers, we have attempted to portray a picture of "The Way We Were" during the years we spent within the walls and on the fields of Woodbury High.

Life here was challenging and exciting and rewarding. There have been struggles and disappointments, but-it was good!

Many changes have transpired. The years have passed all too swiftly and now graduation has arrived. Ahead lie many new and frightening experiences - more studies, new jobs, marriage, travel! Our education at Woodbury High has prepared us to meet this new life. We would be negligent if we did not pause here to express our deep gratitude to the Board of Education, administrators, and members of the faculty who have labored with us long and faithfully. We must also show our appreciation to our friends who have stood by us in good times and in bad. It is their patient understanding that makes it all worth while.

As we browse through this book and our friends and teachers write their messages to us, we know that we will long remember our experiences within these walls and on these fields - may we always remember the good times!

Many people have contributed advice and assistance in the presentation of our memories of life at Woodbury High. On behalf of the staff, I wish to express my sincere appreciation.

The staff trusts that the memories contained within these covers will not fade away - and may those students who remain tread softly through these halls.

Jeffrey Smith
Editor-in-Chief

To the Sundial Staff,

This book is not complete nor is our job finished until we take this opportunity to thank each of you for the support you have given to make this book a success.

The friendships have been enriching and rewarding - may they remain!
